Because this process does rely upon verifications provided by third parties, we recommend that you submit your Medical Staff Application as soon as possible. The credentialing process can take 45 days or more. Please visit the FAQ page on the Practitioner Homepage for additional information.

<u>Please note that this is a request form, and not the Medical Staff Application</u>. The login information to your secure Practitioner Homepage will be sent to the designated email address above within two business days. Please review your junk/spam folder if you do not receive the emails containing your login

information. The credentialing process will start once we receive the complete Medical Staff Application.

^{**} All applicants must provide a current email address for communication of DaVita business and medical staff matters. All applicants are responsible for reading email notifications and responding timely to these communications.
